Alternanthera Rosea Nana.

A grand acquisition in this valuable class of plants. The foliage very much resembles that of the preceding varieties, except that the color is a lively rose pink. Habit dwarf and compact.

15 cts. each; $1.50 per dozen.

Asparagus Plumosus.

From day to day the extraordinary value of this beautiful species is being more thoroughly appreciated. As a plant it is very graceful and attractive, but its chief merit lies in its usefulness for cut flower and decorative purposes. It is easily grown with less care than Smilax.

4 inch pots, 50 cts. each; $5.00 per dozen.—5 inch pots, 60 cts. each; $7.00 per dozen.—6 inch pots, 75 cts. each.

Asparagus Plumosus Nanus.

As graceful and beautiful as the preceding variety, but does not climb, forming a dwarf, compact symmetrical plant.

2½ inch pots, 40 cts. each; $4.00 per dozen.—3 inch pots, 45 cts. each; $5.00 per dozen.—4 inch pots, 50 cts. each; $6.00 per dozen.

Geraniums, Souvenir de Mirande.

We give this plant a prominent place in our list, because we know it to be of most deserving character. It has won thousands of admirers, and we have yet to hear the first complaint against it. Perhaps you know the plant, if not, you should form its acquaintance at once.

Ipomea Palmata.

We have just published a colored plate of this vine which has been a speciality with us for some time. It is a very rapid growing, free flowering, tuberous rooted climber. The leaves are palmate in shape and of a dark olive green in color. The flower is very much of the same size and form as that of the Moon Vine, but a lively rosy lilac in color. As a companion to

the Moon Vine it is highly recommendable. The roots may be stored in the winter like Dahlias.

Very strong Tubers, 2 years, $2.00 per dozen; $15.00 per 100.

Strong plants, 50 cts. per dozen; $4.00 per 100.

Double Sweet Alyssum.

Many and many a time has this valuable little plant been the salvation of a florist, when white flowers were scarce. You ought to have a few planted along the edges of your benches, where the sun will not hit them too hard. Fine stuff. 2½ inch pots, $3.00 per 100.

Adiantum Farleyense.

The most beautiful of the Adiantums. The magnificent fronds are pendant and handsomely fringed.

4 inch pots, 75 cts. each.—5 inch pots $1.00 each.—6 inch pots $1.50 each.

New Double White Daisy—Snow Crest.

A most distinct variety and improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems from 6 to 10 inches long, are of the purest white and full to the centre. When fully developed, they rise to a conical or sugar-loaf form, and well grown specimens will cover a silver dollar. It makes an admirable hardy garden plant or may be forced for cut flowers under the same treatment as violets.

$2.00 per dozen; $15.00 per 100
